

大山里走出治污PPP模式

An aerial photograph of a school campus. In the foreground, a red wooden walkway with railings leads to a red-roofed pavilion. To the left of the pavilion is a small white building with a thatched roof and a wooden door. Behind the white building is a vegetable garden with several raised beds covered in green netting. In the background, there are school buildings, palm trees, a paved road with a car and a motorcycle, and a red bus. The entire image is framed within a circular border.

上海三乘三环保工程有限公司
琼中鑫源水务管理有限公司

组建

琼中鑫源水务投资管理有限公司

制图/孙发强

建设运营

6个自来水厂
14个污水处理厂

(鑫三源享30年特许经营权)

收入来源

水费
污水处理费
政府补贴

544个农村生活污水处理站点

(政府分10年进行回购)

项目运营30年(含建设期)后
鑫源将全部产权以及运营权无偿移交给政府
